- ▶ 2. Publishing Platforms from ZB MED
- ▶ 3. The Pilot Living Textbook of Hand Surgery
- ▶ 4. And how does it go on?

1. What is a Living Handbook?

- ▶ it combines systematic manuals and handbooks with non textual materials
- ▶ new articles can be published or updated any time (scientific standards): it's living!

2. ZB MED – Publishing platforms

3. The Pilot: Living Textbook of Hand Surgery

The screenshot shows the 'Living Textbook of Hand Surgery' website. At the top, there is a navigation menu with links: Read Book, Surgical Techniques, Editorial Team, Authors, About this Book, Table of Contents, and External Link. A search bar is located on the right. The main content area is titled 'Foreword' and includes a table of contents on the left with items like 'Foreword', 'Preface', 'Acknowledgements', 'Introduction', 'History of Hand Surgery', 'Topographic anatomy of the hand and forearm', 'Basics for surgical treatment', 'Bones, joints and ligaments', 'Tendons', 'Nerves', 'Palsies', 'Vasculature', 'Soft tissue', 'Combined injuries', 'Special injuries', 'Infections', 'Congenital malformations', 'Special diseases', 'Tumors', 'Rehabilitation', and 'IFSSH Committee Reports'. The main text of the 'Foreword' chapter is displayed, along with a 'Citation Note' and a 'Doi of this Chapter' (DOI: 10.736.....). On the right sidebar, there are options to 'Print', 'Download PDF', 'Export as XML', and 'Download to Reference Manager(RIS)'. At the bottom, there is a 'Search PubMed.gov' section and a 'Sustaining members' section with logos for ZB MED and KIS.martin.
